in Advancing Farmers' Interests
—1465 in Association

The report of the county agent, D. D. Ball, covering the period from March 1, 1920, when he accepted the position, to November 30, 1920, was one of the interesting features of the annual convention of the Rush County Farmers' association here Tuesday and provided an actual demonstration of what the farmers of Rush county are accomplishing in comparison with past years.

The report covered the activities of the county agent's office, working in co-operation with the farmers' association, in organization, the program of work, soil improvement, crop production, live stock production, club work, farm economics and marketing.

Copies of the report are on file with the Purdue university experiment station, the United States department of agriculture, the Rush county board of education and the county farmers' association.

The report outlines organization of the farmers, which started in August 1, 1919 and resulted in over 1000 members being enrolled the first year. The present membership was given as 1465. The report in this connection dwells on the spirit of co-operation which has been developed and refers especially to the farmers' merchants' picnic and farmers and business men's dinner party.

In the matter of soil improvement, it was set forth that twelve liming demonstrations were started in six townships this year, but will not be checked up until two years have expired. Two fertilizer demonstrations were also conducted.

The report shows that out of 27 returns received on seed corn testing, 19 farmers saw a difference between tested and untested corn in regard to diseased stalks, etc., and others either could not see any difference or believed no definite benefit resulted. Most of these, however, qualified their statement with the

OFFICERS PRESENTED WITH GOLD WATCHES

Farmers Show Appreciation of Work
of Pres. Bell and Secy. Howard
Ewbank

BOTH GREATLY AFFECTED

Endeavoring to show their appreciation of the services of the officers of the Rush County Farmers' association, in addition to re-electing them unanimously at the close of the annual convention Tuesday afternoon, members of the association presented Fred Bell, president, and Howard Ewbank, secretary upon whom the burden of the work falls, with a handsome open-faced gold watch, gold chain and gold-handled pen knife.

The gifts were so unexpected that both the officers were at first without words to voice their appreciation. They were purchased with money given by members of the association. Both the president and secretary were visibly affected, not because of the value of the gift so much as the fact that the members of the association showed that they realized the efforts which had been made by the two officers to build up the organization.

A. L. Gary made the presentation speech and lavishly praised the work of Mr. Bell and Mr. Ewbank. Both responded briefly when they had recovered sufficiently from the surprise, and declared that it was more than they deserved, but members of the association do not think so.

FORD STOLEN AT CARTHAGE

Car Taken Tuesday Night
Belonging to Clarence Binford

A Ford automobile belonging to Clarence Binford, living west of Carthage, was stolen last night from in front of the school building in Carthage, and no trace of the machine was found today, and no clue was left by those who took the machine. Mr. Binford left his machine in front of the school building while he attended the Carthage and Arlington basketball game, and when coming out found the machine was gone. A search of the streets was made, and authorities in nearby towns were notified to be on the lookout for it. The initials, J. M. B. were carved on the front and back doors of the car, which will be the means for officers to identify the stolen machine.

SILVER CUPS FOR THE CORN SHOW EXHIBIT

Sweepstakes Prizes For 10 Ears and
Single Ear on Display in Ab-
ercrombie Jewelry Store

ARE AN ATTRACTIVE DESIGN

The silver cup to be awarded as the sweepstake prizes in the county corn show here December 29 and 30 have arrived and are on display in Abercrombie Brothers jewelry store window.

The larger cup, which is engraved with the words, "Rush County Corn Show—Sweepstakes Ten Ears," is eighteen inches tall and is of beautiful design. Engraved on the smaller cup, which stands twelve inches high, are the words, "Rush County Corn Show—Sweepstakes Single Ear." It is of plainer design but is equally as attractive.

The rule of the corn show gives the cups to new owners each year, unless the original prize taker can continue to raise winning corn. The name of the new owner will be engraved upon the cup each year it is offered as a prize.

COURT APPOINTS RECEIVER

R. E. Henley Named to Manage
Carthage Community House.

R. E. Henley of Carthage was appointed receiver this afternoon by Judge Sparks for the Carthage Auditorium association, which was found to be insolvent this afternoon in court. His bond was placed at \$30,000 which was provided. The receiver was appointed following two suits filed recently against the association which is building a community house in Carthage. One suit was brought by James F. Tweedy and the other one by Walter Maul and Lewis D. Whiteley, all of whom were having some part in the construction work of the building.

The court set January 8 as the time for hearing the claims against the association, which are said to amount to over \$16,000.

WILL CASE GOES TO JURY

Arguments Concluded in Wright vs
Wyatt Suit This Afternoon

The will suit of Wright vs Wyatt, administrator which started Monday morning in the circuit court, was concluded this afternoon, and the case was given over to the jury about three o'clock. The plaintiff, Nellie Hunsinger Wright, was suing George C. Wyatt, as administrator with the will annexed of the estate of Mary E. Groves, and the action was to set aside the codicil to the will.

The case is the first will case to be tried in this court for several terms, and as far as attorneys can recollect, the jury only in one case rendered a decision to break the will.

BURIAL NEAR MOSCOW

The infant child of Mr. and Mrs. Earl Piles, living near Moscow, was buried this afternoon in the cemetery at Moscow.

PARTY HARMONY IS SOUGHT AT CAUCUS

Republicans Members of State House
and Senate Meet in Joint
Session Today

APPEALS FOR SMOOTH SESSION

Governor-Elect McCray, Incoming
Lieutenant Governor and State
Chairman Speak

(By United Press)

Indianapolis, Ind., Dec. 15.—Party harmony in the 72nd general assembly to convene next January was sought at the joint caucus of the republican members of the senate and house of representatives here today.

Governor-elect Warren T. McCray who joined Edmund Wasmuth, republican state chairman, in calling the meeting, addressed the legislators. He appealed to them to iron out conflicting views.

Wasmuth and Lieutenant Governor-elect Emmett Branch made similar appeals.

For the first time in a number of years, the house and senate held a joint meeting and admitted newspaper men. This was in line with the announcement of "open door policy" by the governor-elect and was voted unanimously.

Separate meetings of the representatives and senators were held this afternoon at which time they expected to select their leaders—the lower branch their speaker and the senators to nominate their president pro tem.

In opening his brief talk, McCray said that he had but one desire and that was to administer to the appeals of the state "in such manner that he can retire from office with the affections and respect of the people. You were not called to this meeting by my desire to ask you to do things. We want now simply to get acquainted and to establish confidence in one another. I want this legislature to be marked by our activities. I would like to have it characterized by the passage of a few good bills and not by our many activities. Party pledges must be carried out. I want the parties co-operation. We may differ but let us remember that the majority rules. Let us remember that we have a large responsibility and that we must meet it. We should carry out the pledges of the republican platform."

The governor-elect asked the law makers to prevent so much congestion at this session. The governor-elect also asked that the law makers grant more money to the educational institutions, declaring they should not increase taxation to do so but should curtail expenditures in other lines.

There seemed to be an undercurrent of a party split in the house over the stiff battle for speaker-ship. It is understood that for this reason McCray did not openly endorse John McClure of Anderson the candidate said to have his support.

ADMITS PART IN ROBBERY

Chicago, Ill., Dec. 15.—Edward Valentine, a negro, who said his home was in Akron, Ohio, confessed to the police here today that he participated in the \$3,500,000 Omaha Mail robbery.

TWO LICENSES TODAY

Two marriage licenses were issued this morning by the county clerk: Robert M. Higgins, a shipping clerk of Connerville, and Myrtle Schmalzel, a milliner, daughter of Mrs. Amelia Schmalzel of this city; John E. Duncan, a farmer of this county, and Mrs. Anna J. Rhodes, a telephone operator of this county.

Santa Claus had two reasons for rejoicing today.

One was that the weather was beginning to give some indication of Christmas, with a few snow flakes now and then, which will naturally make people come to the realization that the holidays are just around the corner.

The other was that the Santa Claus fund is perking up some and may yet, by a whirlwind finish, come some place near the mark which was reached last year.

It is more apparent every day, however, that friends of the fund will have to come forward more rapidly than they have in order to make it possible to spread the Christmas cheer on as thick as it should be spread. Many cases of privation and want have been found by the investigators, who completed their lists today, and no one need fear that too much money will be provided.

Members of the children's board of guardians—Mrs. A. L. Stewart and Mrs. Lila Retherford—and Capt. Marks and Mrs. Frank Gipson of the Salvation Army, met in the court house this afternoon to check their lists and compare notes.

They were joined by committees from the Elks lodge and the Rotary club which will co-operate in the buying, wrapping and distributing of the gifts. The Elks lodge has already contributed \$100 and the Rotary club is making up a fund which will be given to this fund.

The Rotary club committee is composed of I. L. Endres, H. G. Francis and W. O. Feudner and the Elks committee, Harrie Jones, W. M. Frazee and O. C. Brann. These two committees, together with the others, met at three o'clock to decide on a plan of action because the time is so short that purchases must be made at once.

VACATION TO COVER A PERIOD OF 12 DAYS

Rushville Schools Will be Dismissed
Wednesday, Dec. 22 to Monday,
January 1

IT IS LONGER THAN USUAL

The Christmas vacation in the Rushville public schools this year will begin on Wednesday afternoon December 22, at the close of school, and continue until Monday, January 3.

This will make a vacation of twelve days, counting Saturdays and Sundays, and there is no doubt but that it will be appreciated by the school children. The decision to start the holidays vacation two days before Christmas instead of Christmas eve was reached by the school board a few days ago. It was generally believed that the schools would not be dismissed for the holidays until Christmas eve, which has been the custom in past years.

While Rushville school children will get two more days on their holidays vacation than most of the cities of this size, they will get no spring vacation which is allowed in many places.

TO GIVE FREE TAXI SERVICE

Little Flatrock Church Bazaar to be
Held Thursday and Friday

The bazaar to be given at the Little Flatrock Christian church Thursday and Friday, beginning at 10 a. m. each day, is not only unique because of the way the articles to be sold were obtained, but also because the members of the church will provide a free taxi service to the church both days at 2, 4 and 6 p. m. The machines will leave the Scanlon hotel at the hours designated.

A chicken dinner will be served Thursday evening at 6 and an oyster supper Friday evening at the same hour. Hundreds of articles donated by leading manufacturers for advertising purposes will be sold at retail prices.

WAMSLEY ATTENDS MEETING IN DAYTON

Local Man, President of State Hotel
Men Meets With Others to Form
Great Lakes Association

VICE-PRESIDENT LAST YEAR

O. P. Wamsley, proprietor of the Scanlon hotel in this city, and president of the Indiana Hotel Keepers association, recently elected to that position, was in Dayton, O., today meeting with the officers of the state hotel associations of Ohio, Michigan and Illinois, in an effort to perfect an organization of all four states, to be known as the "Great Lakes Hotel association."

Mr. Wamsley last year was vice-president of the Indiana association, and when the state meeting was held last Saturday at the Hotel Severin in Indianapolis, he was elected president, succeeding D. J. McMahon of the English hotel. Other officers elected besides Mr. Wamsley were: Louis D. Higson, Murdock hotel, Logansport, vice president; Lafe Weathers, Grand hotel, Indianapolis, re-elected treasurer.

The newly elected officers met Monday afternoon in Indianapolis and selected a board of directors. A legislative committee will also be appointed when the board meets on December 27.

F. R. VanOrman of Evansville was selected as a delegate to accompany Mr. Wamsley to the Dayton convention today and Thursday.

HEARS OF SEED TREATMENT

Ohio Plant Pathologist Coming to
Investigate Wheat Plant

Edw. E. Clayton, plant pathologist at the experiment station maintained at Ohio university, Columbus, Ohio, has written that he will be in Rushville December 31 to investigate the work which has been done here in seed wheat treatment.

Mr. Clayton has heard of the activities here, indicating that the county agent's plant where the hot water treatment was given for smut, has attracted much attention to Rush county. Mr. Clayton will inspect the plant at the old county heating plant and look over the records which have been made by the county agent.

AFFIDAVITS FILED TODAY

Reported to be Based on John C.
Hokey's Confession.

Several affidavits, reported to charge various offenses, were filed in Mayor Irvin's court late this afternoon and were given to Chief of Police Wilfong to be served. It is understood that they were the outgrowth of the confession made by John C. Hokey, I. & C. night agent, who is in jail on charges of embezzlement and grand larceny. Hokey admitted losing the money missing from the I. & C. cash drawer in a gambling game at a local dry beer parlor. They would have been filed Tuesday but the mayor was out of the city.

CHANGES MADE IN CONSTITUTION

Farmers Association Votes to Dis-
tribute Annual Fee Differently,
State To Get \$2

TOWNSHIP ALLOWED ONLY \$1

State Secretary Douglas in Address
Points Advantage of Co-operating
With Federation

Maurice Douglas, the new general secretary of the Indiana Federation of Farmers' associations, addressed the annual meeting of the farmers here yesterday afternoon, and emphasized the importance of the counties in the state co-operating with the state association in many ways, and he pointed out the benefits to the farmers that the state organization has accomplished during the past year.

The committee on constitution presented a few changes in the county constitution which they desired to pass, and after a little explaining and argument, the new provisions were sent in without a word of protest by a unanimous vote.

Probably the most radical change in the constitution is the distribution of the annual fee paid by each member, which is \$5.00. It formerly was divided three ways, with the township keeping two dollars, the county organization two dollars and sending the remaining one dollar to the state organization.

Under the revised method, the township loses one dollar, which will be given over to the state, making the county organization receive two dollars, the same of the county.

Several delegates objected to taking the dollar from the township fund, but it was explained that the organization really benefits from the results of the state organization, and that it was in need of money, so the matter was put through when voted upon by the delegates.

Besides this matter, the other changes made in the county constitution were:

Article VI, Section 2 as follows—The Township Treasurer shall collect all membership fees and remit \$4.00 of the same to the County Treasurer, who shall remit \$2.00 of same to the State Treasurer.

Article VI, Section 4 be stricken out entirely.

WOMEN ARE ADMITTED TO THE ASSOCIATION

Adoption of Resolutions by Farm-
ers Convention Puts Them on
Equality With Men

TO HAVE REPRESENTATION

The unanimous adoption near the close of the annual convention of the Rush County Farmers' association at the Graham Annex Tuesday afternoon, of resolutions passed earlier by the farm women of Rush county, meeting at the court house, providing for their admittance as full members in the county association, assures for Rush county a woman's auxiliary and increased activity among the farm women.

A woman's auxiliary is not a separate organization, but a part of the regular association. The way the women at the meeting yesterday responded by joining the county association indicates that there will be at least ten members in each township, which gives them the right to have a woman director in each township and gives them equal authority with the men in the management of the township associations.

The resolutions provided women should become active members by paying the membership fee and that a woman director should be elected in each township when ten women join. The following committee was appointed by Mrs. Ora D. Henley, who presided, and drew up the resolutions:

Mrs. A. L. Gary, Mrs. C. B. Matney, Mrs. O. H. Rees, Mrs. E. C. Davison and Mrs. Fred Bell.

REPORT REVEALS

*FARM ACTIVITIES

Continued from Page One. opinion that it was due to the season. Between March 10 and May 10, 14,710 ears were tested and 2,955 were discarded on account of being diseased and 1,573 on account of imperfect germination.

"The value of this testing," said the report, "is brought out when it is considered that the inferior seed discarded would have been enough to plant 400 acres, while the seed which the test showed to be of highest quality from the disease and germination standpoint, was planted on 1400 acres."

Four of the eight ear-to-row test plots have been checked, according to the report, and the results were satisfactory, proving that the ears showing the greatest amount of starch in the kernel proved the poorest yielders. An exhibit showing the results will be made at the county corn show.

The hot water treatment given seed wheat here resulted in about 1600 acres being sown with smut free seed this fall, according to the

report. One yield of wheat, to show the value of the seed treatment, was increased fourteen bushels to the acre last harvest and the average increase due to sowing smut free wheat was three bushels to the acre, it was pointed out. If the average is maintained this year on the 1600 acres sown, the increase for the county will be 4,800 bushels or close to \$5,000 with wheat at \$1 a bushel.

Returns on questionnaires sent out brought the information that the treatment was worth an average of \$6.88 an acre. A part of the report was devoted to the organization of the Poland China Breeders association, and the poultry demonstrations were also emphasized.

Thirty percent of the hens handled in the thirteen demonstrations were found to be non-producers, according to the report, and the value of the food saved by ridding the county of these was \$2,500. Of 1208 hens handled, 831 were kept and 377 rejected. Before culling 1208 hens laid 1758 eggs the 7 days before culling and the 831 hens kept laid

1676 (almost as many) during the same period after culling. The 377 rejected hens were kept from four to twenty days and all laid only 20 eggs.

Club work was reported on, the boys' and girls' pig feeding contest of Walker and Orange townships being explained.

The report showed 48 farmers are now keeping a record of their farm business, using the record books published by the Purdue extension department. Nineteen farmers have prepared to keep cost account records on their 1920 wheat crop.

It was estimated that the twelve stations in the county have received 24,000 calls during the ten months the daily live stock marketing service has been in use. Reports on Chicago, Buffalo and Indianapolis markets are received daily at the county agent's office and are relaying for posting.

CONGRESS URGED TO PUSH PROSECUTION

Employees and Labor Leaders Guilty of Boosting Coal Prices Should be Punished.

REPORT MADE TO SENATE

(By United Press)

Washington, Dec. 15.—Wholesale prosecution of employees and labor leaders guilty of conspiracy to increase prices and government supervision of the coal industry is being urged upon congress.

The recommendations were made in a report to the senate by Senator Calder, New York, chairman of the special committee on reconstruction and production which has been investigating the housing situation for the past several months.

The report said that rentals were increased 25 to 50 per cent and that construction in the last four years was equal to only one normal year. It stated that a workman's house which formerly cost \$3,000 now costs \$6,000. The report said that the housing position is a menace to industries, public health and morals.

In dealing with the coal situation, Senator Kenyon of Iowa, member of the committee, said "If this continued plundering of the American people is to go on, I shall favor taking over the mines and it could be done in my judgment constitutionally."

The committee's report stated that as a last resort, it may be necessary to enact some form of federal licensing of the coal industry.

Under the English common law no one has a right to bathe in the sea. This was decided by the courts a hundred years ago, and an attack on the decision at the beginning of this century failed to upset it, the higher court deciding that in the strict legal sense one could fish in the sea but could not bathe in it.

What of To-Morrow

Just how great is the patriotism of this country, and how strong a pressure can it successfully withstand?

With the gates to our shores wide open, and fifteen millions of Europeans clamoring for admission, we may have that patriotism put to a test sooner than most people believe possible.

Our social fabric is undermined with trouble makers now—people whose greatest aim in life is the destruction of government.

With this avalanche of foreigners descends upon us who will be the first to reach them?

Not the disciple of law and order. He will pursue his beaten path in the accumulation of riches, as

BUSINESS MAN IS
OUT WITH FACTS

Harry F. Vice Says it Relieved Him
of Six Years of Stomach
Trouble

"After years of suffering I'm now feeling as well as I ever did in my life, I can't find words good enough for Tanlac," Harry F. Vice, proprietor of Vice's restaurant, 112 S. Illinois street, Indianapolis, Ind.

"I suffered from stomach trouble for six years and seemed to have cramps and pains all the time which often became so severe I could hardly stand up. My appetite was so poor I just hated to go to the table, and at times I became so nauseated I could scarcely retain a thing on my stomach. I was so nervous that a night's sleep was out of the question. I was continually paying out money for all kinds of medicines and even bought a farm so I could live in the country, thinking that this might improve my health, but it all failed to do me any good.

"Some of my friends advised me to try Tanlac, so I began taking it, and I could feel a big change in my condition right away. Well, I kept on taking the medicine until I have finished my fourth bottle and am feeling simply fine. In fact, I never felt better in my life. I have an excellent appetite, eat anything and everything I want without my stomach troubling me a bit and without a pain of any kind. I don't know what it is to suffer any more and am at my place of business every day in splendid health. My friends notice the big change in me, and I can tell all that it was Tanlac that made such a sound, healthy man out of me."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inloy, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2.—(Adv.)

has always been his custom.

But the foreigner will not be neglected.

The Persistent Society of Troublemakers will be after him en masse. He will be buttonholed, and coddled, and filled with the imaginary evils of our system of government, and made to believe that by its destruction wealth will flow into his hands.

It is not the honest laboring man we have to fear in this matter. He is a good American, believes in his country, and is willing to fight for it if occasion requires.

But there is a class of professional agitators, who fatten upon the credulity of others, who will be the brains and the ringleaders in this campaign of vilification and destruction.

Fifteen millions of foreigners!

How many of them, a year from the day they land, will be ready to smite the hand that feeds them?

Interest in The Schools

How many of you have children in school?

How many of you can tell off hand what grades your children are in?

How many of you know the books your children are studying, the size of the lessons the teacher assigns, or the progress the little ones are making?

How many of you take time occasionally to run over the lessons with your children?

How many of you thing to commend them for the interest they are taking and for the advancement they have made?

There was a time when you were young—when you worried your juvenile brain over problems which seemed mountainous then, but are so simple now.

Commendation and encouragement were sweet to you then.

They are just as precious to your children now.

Do they receive them?

A movement is on foot to increase the Congressional salary, now \$7,500, to \$10,000 or \$12,500, but voters who were promised decreased taxation are not likely to be very keen for this development of the program.

The Costa Rican wife of Herbert P. Crane of Chicago denies that she eats lizards and that her favorite table delicacy is 'eight pork chops'. Probably there are few people who care what the real trouble is, but such novel grounds for divorce are of some little passing interest.

Thirteen years ago, after long waiting, the Englishman came into the right to marry his deceased wife's sister, but an Englishwoman is not yet allowed to marry her deceased husband's brother. A bill to give her this permission has just been introduced. Such a law in the United States would reduce the number of marriage licenses materially.

MOSCOW TEAMS WIN BOTH GAMES

Independents Victorious Over I. O.
O. F. Quintet Here Tuesday Night,
32 to 20

HIGH SCHOOL ALSO WINS

Defeats Webb High School in Cur-
tain Raiser, 25 to 17—Both Con-
tests Hard Fought

The Moscow Independents won over the Odd Fellows teams here last night by the score of 32 to 20, and the Moscow high school came out victorious over the Webb high school by the score 25 to 17.

Both games were hard fought, but the Moscow teams proved to be better goal shooters, and rightfully earned their victories.

The Odd Fellows team seemed to be off form and could not get together with their plays, and missed several shots which looked apparently easy. The local team played in flashes but could not keep the pace going.

Throughout the game Moscow was leading by six or seven points, and in the last half the Odd Fellows took a jump and for a few minutes looked like a "comeback" had been staged, only to be again lost by the quick work of the Moscow team.

The first half ended 21 to 17 in favor of the visitors. Shaw, a new man on the locals, showed up well at guard, and Hilligoss and Henley alternated at the forward position with Titsworth also in the line-up. Martin played center and was opposed by Shook, the center on the Manilla high school team last year. Petry played in his position at back guard for the locals.

Shook received a sprained ankle early in the game and P. Gosnell went in at center.

The curtain raiser between the high school teams was hotly contested, and although the Webb school was lighter and smaller than Moscow, they fought hard to win, and put up a good game.

The crowd was larger than on the night of the Carthage game, and more seats will be built in order to accommodate the fans. The next home game will probably be with the Shelbyville Independents next Tuesday, but in the meantime the team will journey to Blue Ridge on Saturday night to play the team from that place.

The summary of the games:

CHANGES MADE IN CONSTITUTION

Continued from Page One

Article IX, Section 1 be stricken out entirely and the following sections substituted:—

Section 1. The officers salary shall be so much per diem fixed by the Board of Directors, including expenses when actually employed.

Section 2. The Directors shall receive \$2.50 each for every bi-monthly or called meeting attended, and to be paid out of county funds.

By-laws, Committees:—Section 2. The President shall appoint all committees subject to the approval of the Directors, which Board of Directors deems necessary for the conducting of the business of this Association and such committees shall work under the direction of the President.

Secretary Douglas dwelt at length upon the live stock situation in the state and said in part, "The live stock interests are paramount in this section. The live stock committee has succeeded in making the market better in Indianapolis. They employ a man who is there at the

yards, represents the farmers.

The first thing he did was to take a census of the time the car arrived at the Belt and the time the same car was delivered at the yard. It took time to get conclusive evidence on this subject to put before the Public Service Commission in order to make a kick about service. When that was done, the service was better—caused hogs to be unloaded sooner and there were fewer to die in the summer months. *** Every other Exchange raised their rates \$3.00 per car. This was not done at Indianapolis.

"Many different interests are handled in the state. I was told there were 127 different types of soils in Indiana. We have a vast job to serve all the people. We have not gone into this business of buying and selling. I have felt always myself that whenever you can be as well served by your local man that that is the place to have it done. I have always said a Chamber of Commerce is a great thing in a town but that Chamber of Commerce should function first to see that every man who comes to your town

gets a square deal. I you have a Chamber of Commerce built on that line you will not have any trouble with your business organization in your county.

"We have a service department. We hope to be able to give you the markets where you can get most for your hay, corn and other products. If you want to buy they can tell you where you can get the best quotations. We are now dealing with the fertilizer people. We are now nearing the danger in this regard, if the price of fertilizer is not lowered, it may be that we will have to say that it would not pay to use fertilizer. We ask you not to place your order until we settle this matter. If a fertilizer company represented in Indiana, did not get an order for two months, they would be in a frame of mind to accept part of the loss that the farmer is now experiencing.

"We have another program—the legislative program. That is the big problem. I know every man here is interested in taxation. We have a man there now on the tax board. If there is a man who thinks his tax

is unfair, he can go there and re will receive the same consideration as any other man. I think all of you appreciate the Governor appointing such a member. *** In the coming legislature the farmers intend to keep on the job a lobby. It is a good thing. The farmers ought not to get only what is just but they will now get what they should. We want to kill bad legislation. ***

Funny Christmas Habit.

There is not a drug store, cigar shop or barroom in the larger cities which has not been made the storage room for Christmas presents bought before the rush sets in. The strange part of it is that every man who utilizes the friendship of his favorite place round the corner thinks he is the only one who thought of the plan. Realizing that the stores will be crowded, many far-sighted heads of families bought their presents a week in advance, and then, fearing the nature of the mysterious package would be discovered at the office or at home, they hit upon the device of making a cache in some resort near home.

And Now?

FRIENDS TELL OTHERS

That's How Fame Spreads.

H. H. Von Schlick of 210 Third avenue, Pittsburgh, Pa., has received thousands of letters telling him how he has done so much good—one letter tells how his Bulgarian Blood Tea broke up a bad cold quickly; another tells how it saved them from the "FLU" or pneumonia; another tells how it helped to knock out rheumatism; another tells how it relieved constipation; another tells how it helped their stomach and bowels. No wonder it is being used by millions of people praising its great worth as a reliable first-aid family medicine. It will pay every reader of this item to apply at once to their druggist or grocer for a box of Bulgarian Blood Tea—then they will be able to tell the good news to others.

Things Look better in PYREX. GUNN HAYDON. 227tf

A quiet home wedding was solemnized this morning at 11 o'clock at the home of Mrs. Amelia Schmalzel in West First street, when her daughter, Miss Myrtle Schmalzel, was united in marriage to Robert Higgins, son of Mr. and Mrs. Dave Higgins, of near Clarksburg. The wedding ceremony was performed by the Rev. W. L. Kunkel of the First Presbyterian church. The bride was charmingly gowned in a blue champagne wedding dress. She had no attendants. Only the immediate families were present for the wedding.

Following the ceremony a prettily appointed wedding dinner was served at the bride's home, and immediately after the dinner the bridal couple left for a wedding trip, after which they will be at home to their many friends in this city.

The bride is a popular young lady of this city and has been engaged in the millinery business for the past few years, at present being engaged at the Plough millinery store. She is a graduate of the local high school. Mr. Higgins is engaged in Connorsville as a shipping clerk and is well known in and around Clarksburg.

Light Stuff.

"Did that 'quake' we had this morning do any damage?" asked the movie producer in California.

"Not much," said the property man, "It toppled over a couple of pyramids we are using in that Egyptian film, but I put four carpenters to work, and they'll have 'em up this afternoon."—Birmingham Age-Herald.

Insanity.

Lay Awake Nights From Rheumatism

Ankles and knees sore and swollen, pains in back over kidneys, stomach out of order and last fifty pounds.

Dreco gave complete relief he declares.

"A blacksmith's work is no cinch when a man's well and it's mighty hard on any body with rheumatism. After standing on my feet all day the pain was so great I could barely hobble home," said Mr. John Roberts, who is well known at the Kealey Hame Factory where he has been employed for the past 15 years and lives at 1216 E. Virginia St., Evansville, Ind.

"I've had rheumatism in my ankles and knees for twelve years and they were so swollen and painful they kept me awake many a night. Kidneys didn't act as often as they should and my bowels wouldn't move unless I took a strong cathartic. Even milk and soup would bloat me up with gas.

"I got so bad off I had to give up my work but I'm alright now and the work comes easy. Appetite is good and nothing disagrees with me, bowels are moving good, have no more trouble with kidneys, can stoop and bend with ease and sleep like a tired man should."

Dreco, the great herbal remedy acts on the stomach and aids it in digesting the food; stops the formation of gas; relieves constipation strengthens the kidneys, rouses the liver and relieves biliousness, headache, bitter taste in the mouth, heartburn, coated tongue and purifies the blood, thereby banishing rheumatism.

All druggists now sell Dreco and it is being especially introduced in Rushville by F. B. Johnson & Co.—(Adv.)

ARLINGTON TOSSERS WIN THE FIRST GAME

Take Carthage Into Camp Tuesday Night, 23 to 21. Without any Practice

PLAY FERDALES SATURDAY

The Arlington Athletic Club's newly organized basketball team won their first game of the season last night by defeating the Carthage Independents on the floor at Carthage, by the score of 23 to 21. The Arlington team had not practiced before the game, which was accountable for the closeness of the score, according to Lowell Beach, manager of the A. A. C.

The Arlington team used their entire squad in the game, and all men showed up very well. Roy Small of Carthage, referee of the game, stated that the Arlington team outplayed the Carthage team 2 to 1. The next game will be with the Ferndale Club at Indianapolis on Saturday night.

The players who started the game for Arlington were C. Northam, C. Mettsker, Hester, Wicker and Rohm. Substitutions were made with Clarence Northam, Whitesides and Long. The Arlington team has signed up Gardner of the fast Moscow team, and the line-up will be strengthened. The Arlington team is anxious to book games with any fast team in this part of the state, and managers are requested to call or write Lowell Beach, manager of the team, at Arlington.

"Gets-It" For Hard or Soft Corns

Satisfaction Guaranteed With This Corn Remover.

Common sense tells anybody that the way to cure a corn is to remove it, cap and root—banish it entirely.

Don't Doctor Your Corns. Let "Gets-It" Remove Them—Painlessly! Quickly!

Not only hard corns and not only soft corns but every kind of corn surrenders to "Gets-It," the national corn remover. It takes weeks or months to grow a corn. It takes just a few seconds to stop its pain with two or three drops of "Gets-It." Quickly it loosens so you can peel it right off without the least twinge or hurt, and it is gone!

"Gets-It," the never failing, guaranteed, money-back corn remover, costs but a trifle at any drug store. Mfd. by E. Lawrence & Co., Chicago.

lowed the business session. A grab bag was the principal feature of the social hour. The hostess assisted by her sister, Miss Josephine Henry, served a dainty luncheon. The January meeting will be held with Mrs. Wilson Stewart.

Stiff? Sore?

A lame back, a sore muscle or a stiff joint often is considered too lightly by the sufferer. It should be remembered that backache, rheumatic pains, stiffness, soreness, shallow skin and puffiness under the eyes are symptoms of kidney and bladder trouble—and these certainly should not be neglected.

Foley Kidney Pills

help the kidneys eliminate from the system the poisonous waste and acids that cause these aches and pains. They act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to healthy, normal condition.

J. E. Simmons, 400 E. 50th St., Portland, Ore., writes: "I was troubled with backache and urinary trouble. I tried Foley Kidney Pills and will say that I highly recommend them to any one troubled in that way, as they are excellent."

A CLEAR SKIN

Women do not have to patronize the beauty parlor—for if their skin is disfigured with pimples and blotches, and their blood is in disorder they should obtain at the drug store that wonderful blood tonic and alterative of Dr. Pierce's which he placed before the public over 50 years ago. Since that time many thousands of men and women have testified to its wonderful blood cleansing effect. This is what one woman says:

ELKHART, IND.—"When I was a girl I suffered greatly. I became weak and nervous, in fact, all run-down in health. I also had a breaking-out all over my body. I could not get anything to do me any good until mother began giving me Doctor Pierce's Golden Medical Discovery and Favorite Prescription. They proved to be just what I needed as I have never had any more womanly trouble, and was also cured of the breaking-out on my body."

What Is It

What crowds our store with customers every day? Why is it that our business has increased almost 20 per cent over last year?

We are going to suggest only one of the many reasons here: We have always been consistent makers of low prices, our customers know that they can depend on us the year round.

We do not go on periodic sprees of price cutting and then forget it for a year.

Among the wholesalers we have the reputation of being prompt pay and we have opportunities for buying that the slow pay fellow never hears about. Our customers reap the benefit of these advantages.

NAVAL CONSTRUCTION SHOULD BE CONTINUED

Secretary Daniels Says That U. S.
Should Not Agree With Other
Nations for Fewer Vessels

POINTS OUT THE DANGER

Washington, Dec. 15—For the United States to agree with two or three other nations for a "holiday" in naval construction, would be a blunder worse than a crime, Secretary of the Navy Daniels told the house naval affairs committee.

The United States can agree to such a plan of reconstruction only when other nations agree to do likewise, he said. The secretary recommended a proposal for organization of a three year naval program like that of 1916.

Refusing to believe that the United States could agree with Great Britain and Japan to stop building of the navy, the secretary showed Secretary Koontz, chief of the naval operations, the figures of the relative first strength of the three nations.

"If the three nations could stop building deconstruction the United States would have a first line strength of 468,000 tons; Great Britain, 864,650, Japan 326,020

Daniel refused to believe that fact that an alliance existed between Great Britain and Japan. While Daniels was testifying, Senator Borah, Idaho, introduced in the senate a resolution requesting the president to enter into an agreement with Great Britain and Japan to reduce naval armaments.

countries to protest manufacture of munitions when America could extend their commerce.

The assembly authorized the league council to make efforts to have all nations including the United States, to ratify the armament trade restriction convention.

The council was asked to do everything possible to bring about disarmament and obtain a complete plan for an international disarmament.

LEAGUE IN BACKGROUND

Marion, Ohio, Dec. 15—Practical-politics has crowded the league of nations into the background since President-elect Harding turned his attention to a list of political callers. Harding also considered seriously a proposal of Col. George Harvey for an association of nation in which members would be pledged to abstain from offering warfare without a referendum of the people.

CORK UNDER CONTROL

London, Dec. 15—With Cork under complete control of the military the government is preparing to make attacks elsewhere in Ireland. Indications were that members of the Irish Republican armies were ready for assaults on the crown forces in countries bordering on Ulster.

REPORT REVEALS FARM ACTIVITIES

County Agent's Review Covers Crop and Livestock Production, Club Work and Marketing

READ AT FARM CONVENTION

Shows Co-operation of Association in Advancing Farmers' Interests—1465 in Association

The report of the county agent, D. D. Ball, covering the period from March 1, 1920, when he accepted the position, to November 30, 1920, was one of the interesting features of the annual convention of the Rush County Farmers association here Tuesday and provided an actual demonstration of what the farmers of Rush county are accomplishing in comparison with past years.

The report covered the activities of the county agent's office, working in co-operation with the farmers association, in organization, the program of work, soil improvement, crop production, live stock production, club work, farm economics and marketing.

Copies of the report are on file with the Purdue university experiment station, the United States department of agriculture, the Rush county board of education and the county farmers' association.

The report outlines organization of the farmers, which started in August 1, 1919 and resulted in over 1000 members being enrolled the first year. The present membership was given as 1465. The report in this connection dwells on the spirit of co-operation which has been developed and refers especially to the farmers-merchants' picnic and farmers and business men's dinner party.

In the matter of soil improvement, it was set forth that twelve liming demonstrations were started in six townships this year, but will not be checked up until two years have expired. Two fertilizer demonstrations were also conducted.

The report shows that out of 27 returns received on seed corn testing, 19 farmers saw a difference between tested and untested corn in regard to diseased stalks, etc., and others either could not see any difference or believed no definite benefit resulted. Most of these, however, qualified their statement with the Continued on Page Two

OFFICERS PRESENTED WITH GOLD WATCHES

Farmers Show Appreciation of Work of Pres. Bell and Secy. Howard Ewbank

BOTH GREATLY AFFECTED

Endeavoring to show their appreciation of the services of the officers of the Rush County Farmers association, in addition to re-electing them unanimously at the close of the annual convention Tuesday afternoon, members of the association presented Fred Bell, president, and Howard Ewbank, secretary upon whom the burden of the work falls, with a handsome open-faced gold watch, gold chain and gold-handled pen knife.

The gifts were so unexpected that both the officers were at first without words to voice their appreciation. They were purchased with money given by members of the association. Both the president and secretary were visibly affected, not because of the value of the gift so much as the fact that the members of the association showed that they realized the efforts which had been made by the two officers to build up the organization.

A. L. Gary made the presentation speech and lavishly praised the work of Mr. Bell and Mr. Ewbank. Both responded briefly when they had recovered sufficiently from the surprise, and declared that it was more than they deserved, but members of the association do not think so.

FORD STOLEN AT CARTHAGE

Car Taken Tuesday Night

Library

A Ford automobile belonging to Clarence Binford, living west of Carthage, was stolen last night from in front of the school building in Carthage, and no trace of the machine was found today, and no clue was left by those who took the machine. Mr. Binford left his machine in front of the school building while he attended the Carthage and Arlington basketball game, and when coming out found the machine was gone. A search of the streets was made, and authorities in nearby towns were notified to be on the lookout for it. The initials, J. M. B. were carved on the front and back doors of the car, which will be the means for officers to identify the stolen machine.

SILVER CUPS FOR THE CORN SHOW EXHIBIT

Sweepstakes Prizes For 10 Ears and Single Ear on Display in Abercrombie Jewelry Store

ARE AN ATTRACTIVE DESIGN

The silver cup to be awarded as the sweepstake prizes in the county corn show here December 29 and 30 have arrived and are on display in Abercrombie Brothers jewelry store window.

The larger cup, which is engraved with the words, "Rush County Corn Show—Sweepstakes Ten Ears," is eighteen inches tall and is of beautiful design. Engraved on the smaller cup, which stands twelve inches high, are the words, "Rush County Corn Show—Sweepstakes Single Ear." It is of plainer design but is equally as attractive.

The rule of the corn show gives the cups to new owners each year, unless the original prize taker can continue to raise winning corn. The name of the new owner will be engraved upon the cup each year it is offered as a prize.

COURT APPOINTS RECEIVER

R. E. Henley Named to Manage Carthage Community House.

R. E. Henley of Carthage was appointed receiver this afternoon by Judge Sparks for the Carthage Auditorium association, which was found to be insolvent this afternoon in court. His bond was placed at \$30,000 which was provided. The receiver was appointed following two suits filed recently against the association which is building a community house in Carthage. One suit was brought by James P. Tweedy and the other one by Walter Maul and Lewis D. Whiteley, all of whom were having some part in the construction work of the building.

The court set January 8 as the time for hearing the claims against the association, which are said to amount to over \$16,000.

WILL CASE GOES TO JURY

Arguments Concluded in Wright vs Wyatt Suit This Afternoon

The will suit of Wright vs Wyatt, administrator which started Monday morning in the circuit court, was concluded this afternoon, and the case was given over to the jury about three o'clock. The plaintiff, Nellie Hunsinger Wright, was suing George C. Wyatt, as administrator with the will annexed of the estate of Mary E. Groves, and the action was to set aside the codicil to the will.

The case is the first will case to be tried in this court for several terms, and as far as attorneys can recollect, the jury only in one case rendered a decision to break the will.

PARTY HARMONY IS SOUGHT AT CAUCUS

Republicans Members of State House and Senate Meet in Joint Session Today

APPEALS FOR SMOOTH SESSION

Governor-Elect McCray, Incoming Lieutenant Governor and State Chairman Speak

(By United Press)
Indianapolis, Ind., Dec. 15.—Party harmony in the 22nd general assembly to convene next January was sought at the joint caucus of the republican members of the senate and house of representatives here today.

Governor-elect Warren T. McCray who joined Edmund Wasmuth, republican state chairman, in calling the meeting, addressed the legislators. He appealed to them to iron out conflicting views.

Wasmuth and Lieutenant-Governor-elect Emmett Branch made similar appeals.

For the first time in a number of years, the house and senate held a joint meeting and admitted newspaper men. This was in line with the announcement of "open door policy" by the governor-elect and was voted unanimously.

Separate meetings of the representatives and senators were held this afternoon at which time they expected to select their leaders—the lower branch their speaker and the senators to nominate their president pro tem.

In opening his brief talk, McCray said that he had but one desire and that was to administer to the needs of the state "in such manner that he can retire from office with the affections and respect of the people. You were not called to this meeting by my desire to ask you to do things. We want now simply to get acquainted and to establish confidence in one another. I want this legislature to be marked by our activities. I would like to have it characterized by the passage of a few good bills and not by our many activities. Party pledges must be carried out. I want the parties co-operation. We may differ but let us remember that the majority rules. Let us remember that we have a large responsibility and that we must meet it. We should carry out the pledges of the republican platform."

The governor-elect asked the law makers to prevent so much congestion at this session. The governor-elect also asked that the law makers grant more money to the educational institutions, declaring they should not increase taxation to do so but should curtail expenditures in other lines.

There seemed to be an undercurrent of a party split in the house over the stiff battle for sneaker-ship. It is understood that for this reason McCray did not openly endorse John McClure of Anderson the candidate said to have his support.

ADMITS PART IN ROBBERY

Two marriage licenses were issued this morning by the county clerk: Robert M. Higgins, a shipping clerk of Connersville, and Myrtle Schmalzel, a milliner, daughter of Mrs. Amelia Schmalzel of this city; John E. Duncan, a farmer of this county, and Mrs. Anna J. Rhodes, a telephone operator of this county.

Santa Claus had two reasons for rejoicing today.

One was that the weather was beginning to give some indication of Christmas, with a few snow flakes now and then, which will naturally make people come to the realization that the holidays are just around the corner.

The other was that the Santa Claus fund is perking up some and may yet, by a whirlwind finish, come some place near the mark which was reached last year.

It is more apparent every day, however; that friends of the fund will have to come forward more rapidly than they have in order to make it possible to spread the Christmas cheer on as thick as it should be spread. Many cases of privation and want have been found by the investigators, who completed their lists today, and no one need fear that too much money will be provided.

Members of the children's board of guardians—Mrs. A. L. Stewart and Mrs. Lila Rutherford—and Capt. Marks and Mrs. Frank Gipson of the Salvation Army, met in the court house this afternoon to check their lists and compare notes.

They were joined by committees from the Elks lodge and the Rotary club which will co-operate in the buying, wrapping and distributing of the gifts. The Elks lodge has already contributed \$100 and the Rotary club is making up a fund which will be given to this fund.

The Rotary club committee is composed of I. L. Endres, H. G. Francis and W. O. Feudner and the Elks committee, Harrie Jones, W. M. Frazee and O. C. Brann. These two committees, together with the others, met at three o'clock to decide on a plan of action because the time is so short that purchases must be made at once.

VACATION TO COVER A PERIOD OF 12 DAYS

Rushville Schools Will be Dismissed Wednesday, Dec. 22 to Monday, January 1

IT IS LONGER THAN USUAL

The Christmas vacation in the Rushville public schools this year will begin on Wednesday afternoon December 22, at the close of school, and continue until Monday, January 3.

This will make a vacation of twelve days, counting Saturdays and Sundays, and there is no doubt but that it will be appreciated by the school children. The decision to start the holidays vacation two days before Christmas instead of Christmas eve was reached by the school board a few days ago. It was generally believed that the schools would not be dismissed for the holidays until Christmas eve, which has been the custom in past years.

While Rushville school children will get two more days on their holidays vacation than most of the cities of this size, they will get no spring vacation which is allowed in many places.

TO GIVE FREE TAXI SERVICE

Little Flatrock Church Bazaar to be Held Thursday and Friday

The bazaar to be given at the Little Flatrock Christian church Thursday and Friday, beginning at 10 a. m. each day, is not only unique because of the way the articles to be sold were obtained, but also because the members of the church will provide a free taxi service to the church both days at 2, 4 and 6 p. m. The machines will leave the Scanlon hotel at the hours designated.

A chicken dinner will be served Thursday evening at 6 and an oyster supper Friday evening at the same hour. Hundreds of articles donated by leading manufacturers for advertising purposes will be sold at retail prices.

WAMSLEY ATTENDS MEETING IN DAYTON

Local Man, President of State Hotel Men Meets With Others to Form Great Lakes Association

VICE-PRESIDENT LAST YEAR

O. P. Wamsley, proprietor of the Scanlon hotel in this city, and president of the Indiana Hotel Keepers association, recently elected to that position, was in Dayton, O., today meeting with the officers of the state hotel associations of Ohio, Michigan and Illinois, in an effort to perfect an organization of all four states, to be known as the "Great Lakes Hotel association."

Mr. Wamsley last year was vice-president of the Indiana association, and when the state meeting was held last Saturday at the Hotel Severin in Indianapolis, he was elected president, succeeding D. J. McMahon of the English hotel. Other officers elected besides Mr. Wamsley were: Louis D. Higson, Murdock hotel, Logansport, vice president; Lafe Weathers, Grand hotel, Indianapolis, re-elected treasurer.

The newly elected officers met Monday afternoon in Indianapolis and selected a board of directors. A legislative committee will also be appointed when the board meets on December 27.

F. R. VanOrman of Evansville was selected as a delegate to accompany Mr. Wamsley to the Dayton convention today and Thursday.

HEARS OF SEED TREATMENT

Ohio Plant Pathologist Coming to Investigate Wheat Plant

Edw. E. Clayton, plant pathologist at the experiment station maintained at Ohio university, Columbus, Ohio, has written that he will be in Rushville December 31 to investigate the work which has been done here in seed wheat treatment.

Mr. Clayton has heard of the activities here, indicating that the county agent's plant where the hot water treatment was given for smut, has attracted much attention to Rush county. Mr. Clayton will inspect the plant at the old county heating plant and look over the records which have been made by the county agent.

AFFIDAVITS FILED TODAY

Reported to be Based on John C. Hokey's Confession.

Several affidavits, reported to charge various offenses, were filed in Mayor Irvin's court late this afternoon and were given to Chief of Police Wilfong to be served. It is understood that they were the outgrowth of the confession made by John C. Hokey, I. & C. night agent, who is in jail on charges of embezzlement and grand larceny. Hokey admitted losing the money missing from the I. & C. cash drawer in a gambling game at a local dry beer parlor. They would have been filed Tuesday but the mayor was out of the city.

CHANGES MADE IN CONSTITUTION

Farmers Association Votes to Distribute Annual Fee Differently, State To Get \$2

TOWNSHIP ALLOWED ONLY \$1

State Secretary Douglas in Address Points Advantage of Co-operating With Federation

Maurice Douglas, the new general secretary of the Indiana Federation of Farmers' associations, addressed the annual meeting of the farmers here yesterday afternoon, and emphasized the importance of the counties in the state co-operating with the state association in many ways, and he pointed out the benefits to the farmers that the state organization has accomplished during the past year.

The committee on constitution presented a few changes in the county constitution which they desired to pass, and after a little explaining and argument, the new provisions were sent in without a word of protest by a unanimous vote.

Probably the most radical change in the constitution is the distribution of the annual fee paid by each member, which is \$5.00. It formerly was divided three ways, with the township keeping two dollars, the county organization two dollars, and sending the remaining one dollar to the state organization.

Under the revised method, the township loses one dollar, which will be given over to the state, making the state organization receive two dollars, the same of the county.

Several delegates objected to taking the dollar from the township fund, but it was explained that the organization really benefits from the results of the state organization, and that it was in need of money, so the matter was put through when voted upon by the delegates.

Besides this matter, the other changes made in the county constitution were:

Article VI, Section 2 as follows—The Township Treasurer shall collect all membership fees and remit \$4.00 of the same to the County Treasurer, who shall remit \$2.00 of same to the State Treasurer.

Article VI, Section 4 be stricken out entirely.

WOMEN ARE ADMITTED TO THE ASSOCIATION

Adoption of Resolutions by Farmers Convention Puts Them on Equality With Men

TO HAVE REPRESENTATION

The unanimous adoption near the close of the annual convention of the Rush County Farmers association at the Graham Annex Tuesday afternoon, of resolutions passed earlier by the farm women of Rush county, meeting at the court house, providing for their admittance as full members in the county association, assures for Rush county a woman's auxiliary and increased activity among the farm women.

A woman's auxiliary is not a separate organization, but a part of the regular association. The way the women at the meeting yesterday responded by joining the county association indicates that there will be at least ten members in each township, which gives them the right to have a woman director in each township and gives them equal authority with the men in the management of the township associations.

The resolutions provided women should become active members by paying the membership fee and that a woman director should be elected in each township when ten women join. The following committee was appointed by Mrs. Ora D. Henley, who presided, and drew up the resolutions:

Mrs. A. L. Gary, Mrs. C. B. Matney, Mrs. O. H. Rees, Mrs. E. C. Davison and Mrs. Fred Bell.

opinion that it was due to the season. Between March 10 and May 10, 14,710 ears were tested and 2,955 were discarded on account of being diseased and 1,573 on account of imperfect germination.

"The value of this testing," said the report, "is brought out when it is considered that the inferior seed discarded would have been enough to plant 400 acres, while the seed which the test showed to be of highest quality from the disease and germination standpoint, was planted on 1400 acres."

Four of the eight ear-to-row test plots have been checked, according to the report, and the results were satisfactory, proving that the ears showing the greatest amount of starch in the kernel proved the poorest yielders. An exhibit showing the results will be made at the county corn show.

The hot water treatment given seed wheat here resulted in about 1600 acres being sown with smut free seed this fall, according to the

report. One yield of wheat, to show the value of the seed treatment, was increased fourteen bushels to the acre last harvest and the average increase due to sowing smut free wheat was three bushels to the acre, it was pointed out. If the average is maintained this year on the 1600 acres sown, the increase for the county will be 4,800 bushels or close to \$5,000 with wheat at \$1 a bushel.

Returns on questionnaires sent out brought the information that the treatment was worth an average of \$6.88 an acre.

A part of the report was devoted to the organization of the Poland China Breeders association, and the poultry demonstrations were also emphasized.

Thirty percent of the hens handled in the thirteen demonstrations were found to be non-producers, according to the report, and the value of the food saved by ridding the county of these was \$2,500. Of 1208 hens handled, 831 were kept and 377 rejected. Before culling 1208 hens laid 1758 eggs the 7 days before culling and the 831 hens kept laid

1676 (almost as many) during the same period after culling. The 377 rejected hens were kept from four to twenty days and all laid only 20 eggs.

Club work was reported on; the boys' and girls' pig feeding contest of Walker and Orange townships being explained.

The report showed 48 farmers are now keeping a record of their farm business, using the record books published by the Purdue extension department. Nineteen farmers have prepared to keep cost account records on their 1920 wheat crop.

It was estimated that the twelve stations in the county have received 24,000 calls during the ten months the daily live stock marketing service has been in use. Reports on Chicago, Buffalo and Indianapolis markets are received daily at the county agent's office and are relaying for posting.

CONGRESS URGED TO PUSH PROSECUTION

Employees and Labor Leaders Guilty of Boosting Coal Prices Should be Punished.

REPORT MADE TO SENATE

(By United Press)

Washington, Dec. 15.—Wholesale prosecution of employees and labor leaders guilty of conspiracy to increase prices and government supervision of the coal industry is being urged upon congress.

The recommendations were made in a report to the senate by Senator Calder, New York, chairman of the special committee on reconstruction and production which has been investigating the housing situation for the past several months.

The report said that rentals were increased 25 to 50 per cent and that construction in the last four years was equal to only one normal year. It stated that a workman's house which formerly cost \$3,000 now costs \$6,000. The report said that the housing position is a menace to industries, public health and morals.

In dealing with the coal situation, Senator Kenyon of Iowa, member of the committee, said "If this continued plundering of the American people is to go on, I shall favor taking over the mines and it could be done in my judgment constitutionally."

The committee's report stated that as a last resort, it may be necessary to enact some form of federal licensing of the coal industry.

Absurd Old English Law.
Under the English common law no one has a right to bathe in the sea. This was decided by the courts a hundred years ago, and an attack on the decision at the beginning of this century failed to upset it, the highest court deciding that in the strict legal sense one could fish in the sea but could not bathe in it.

What of To-Morrow

Just how great is the patriotism of this country, and how strong a pressure can it successfully withstand?

With the gates to our shores wide open, and fifteen millions of Europeans clamoring for admission, we may have that patriotism put to a test sooner than most people believe possible.

Our social fabric is undermined with trouble makers, now—people whose greatest aim in life is the destruction of government.

With this avalanche of foreigners descending upon us who will be the first to reach them?

Not the disciple of law and order. He will pursue his beaten path in the accumulation of riches, as

BUSINESS MAN IS
OUT WITH FACTS

Harry F. Vice Says it Relieved Him
of Six Years of Stomach
Trouble

"After years of suffering I'm now feeling as well as I ever did in my life. I can't find words good enough for Tanlac," Harry F. Vice, proprietor of Vice's restaurant, 112 S. Illinois street, Indianapolis, Ind.

"I suffered from stomach trouble for six years and seemed to have cramps and pains all the time which often became so severe I could hardly stand up. My appetite was so poor I just hated to go to the table, and at times I became so nauseated I could scarcely retain a thing on my stomach. I was so nervous that a night's sleep was out of the question. I was continually paying out money for all kinds of medicines and even bought a farm so I could live in the country, thinking that this might improve my health, but it all failed to do me any good.

"Some of my friends advised me to try Tanlac, so I began taking it, and I could feel a big change in my condition right away. Well, I kept on taking the medicine until I have finished my fourth bottle and am feeling simply fine. In fact, I never felt better in my life. I have an excellent appetite, eat anything and everything I want without my stomach troubling me a bit and without a pain of any kind. I don't know what it is to suffer any more and am at my place of business every day in splendid health. My friends notice the big change in me, and I can tell all that it was Tanlac that made such a sound, healthy man out of me."

Tanlac is sold in Rushville by F. B. Johnson & Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. E. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2.—(Adv.)

has always been his custom.

But the foreigner will not be neglected.

The Persistent Society of Troublemakers will be after him en masse. He will be buttonholed, and coddled, and filled with the imaginary evils of our system of government, and made to believe that by its destruction wealth will flow into his hands.

It is not the honest laboring man we have to fear in this matter. He is a good American, believes in his country, and is willing to fight for it if occasion requires.

But there is a class of professional agitators, who fatten upon the credulity of others, who will be the brains and the ringleaders in this campaign of vilification and destruction.

Fifteen millions of foreigners! How many of them, a year from the day they land, will be ready to smite the hand that feeds them?

Interest in The Schools

How many of you have children in school?

How many of you can tell off hand what grades your children are in?

How many of you know the books your children are studying, the size of the lessons the teacher assigns, or the progress the little ones are making?

How many of you take time occasionally to run over the lessons with your children?

How many of you think to commend them for the interest they are taking and for the advancement they have made?

There was a time when you were young—when you worried your juvenile brain over problems which seemed mountainous then, but are so simple now.

Commendation and encouragement were sweet to you then.

They are just as precious to your children now.

Do they receive them?

A movement is on foot to increase the Congressional salary, now \$7,500, to \$10,000 or \$12,500, but voters who were promised decreased taxation are not likely to be very keen for this development of the program.

The Costa Rican wife of Herbert P. Crane of Chicago denies that she eats lizards and that her favorite table delicacy is "eight pork chops." Probably there are few people who care what the real trouble is, but such novel grounds for divorce are of some little passing interest.

Thirteen years ago, after long waiting, the Englishman came into the right to marry his deceased wife's sister, but an Englishwoman is not yet allowed to marry her deceased husband's brother. A bill to give her this permission has just been introduced. Such a law in the United States would reduce the number of marriage licenses materially.

MOSCOW TEAMS WIN BOTH GAMES

Independents Victorious Over I. O. O. F. Quintet Here Tuesday Night, 32 to 20

HIGH SCHOOL ALSO WINS

Defeats Webb High School in Curtain Raiser, 25 to 17—Both Contests Hard Fought

The Moscow Independents won over the Odd Fellows teams here last night by the score of 32 to 20, and the Moscow high school came out victorious over the Webb high school by the score 25 to 17.

Both games were hard fought, but the Moscow teams proved to be better goal shooters, and rightfully earned their victories.

The Odd Fellows team seemed to be off form and could not get together with their plays, and missed several shots which looked apparently easy. The local team played in flashes but could not keep the pace going.

Throughout the game Moscow was leading by six or seven points, and in the last half the Odd Fellows took a jump and for a few minutes looked like a "comeback" had been staged, only to be again lost by the quick work of the Moscow team.

The first half ended 21 to 17 in favor of the visitors. Shaw, a new man on the locals, showed up well at guard, and Hillgoss and Henley alternated at the forward position with Tittsworth also in the line-up. Martin played center and was opposed by Shook, the center on the Manilla high school team last year. Petry played in his position at back guard for the locals.

Shook received a sprained ankle early in the game and P. Gosnell went in at center.

The curtain raiser between the high school teams was hotly contested, and although the Webb school was lighter and smaller than Moscow, they fought hard to win, and put up a good game.

The crowd was larger than on the night of the Carthage game, and more seats will be built in order to accommodate the fans. The next home game will probably be with the Shelbyville Independents next Tuesday, but in the meantime the team will journey to Blue Ridge on Saturday night to play the team from that place.

The summary of the games:

CHANGES MADE IN CONSTITUTION

Continued from Page One
Article IX, Section 1 be stricken out entirely and the following sections substituted:—

Section 1. The officers salary shall be so much per diem fixed by the Board of Directors, including expenses when actually employed.

Section 2. The Directors shall receive \$2.50 each for every bi-monthly or called meeting attended, and to be paid out of county funds.

By-laws, Committees:—Section 2. The President shall appoint all committees subject to the approval of the Directors, which Board of Directors deems necessary for the conducting of the business of this Association and such committees shall work under the direction of the President.

Secretary Douglas dwelt at length upon the live stock situation in the state and said in part, "The live stock interests are paramount in this section. The live stock committee has succeeded in making the market better in Indianapolis. They employ a man who is there at the

yards, represents the farmers.

The first thing he did was to take a census of the time the car arrived at the Belt and the time the same car was delivered at the yard. It took time to get conclusive evidence on this subject to put before the Public Service Commission in order to make a kick about service. When that was done, the service was better—caused hogs to be unloaded sooner and there were fewer to die in the summer months. Every other Exchange raised their rates \$3.00 per car. This was not done at Indianapolis.

Many different interests are handled in the state. I was told there were 127 different types of soils in Indiana. We have a vast job to serve all the people. We have not gone into this business of buying and selling. I have felt always myself that whenever you can be as well served by your local man that that is the place to have it done. I have always said a Chamber of Commerce is a great thing in a town but that Chamber of Commerce should function first to see that every man who comes to your town

gets a square deal. If you have a Chamber of Commerce built on that line you will not have any trouble with your business organization in your county.

"We have a service department. We hope to be able to give you the markets where you can get most for your hay, corn and other products. If you want to buy they can tell you where you can get the best quotations. We are now dealing with the fertilizer people. We are now nearing the danger in this regard, if the price of fertilizer is not lowered, it may be that we will have to say that it would not pay to use fertilizer. We ask you not to place your order until we settle this matter. If a fertilizer company represented in Indiana, did not get an order for two months, they would be in a frame of mind to accept part of the loss that the farmer is now experiencing.

"We have another program—the legislative program. That is the big problem. I know every man here is interested in taxation. We have a man there now on the tax board. If there is a man who thinks his tax

is unfair, he can go there and he will receive the same consideration as any other man. I think all of you appreciate the Governor appointing such a member. In the coming legislature the farmers intend to keep on the job a lobby. It is a good thing. The farmers ought not to get only what is just but they will now get what they should. We want to kill bad legislation."

Funny Christmas Habit.

There is not a drug store, cigar shop or barroom in the larger cities which has not been made the storage room for Christmas presents bought before the rush sets in. The strange part of it is that every man who utilizes the friendship of his favorite place round the corner thinks he is the only one who thought of the plan. Realizing that the stores will be crowded, many far-sighted friends of families bought their presents a week in advance, and then, fearing the nature of the mysterious package would be discovered at the office or at home, they hit upon the device of making a cache in some resort near home.

And Now!

Some hundreds of years ago mummies were powdered into dust and made into powders and potions for the cure of disease.

This will be the annual Christmas meeting and an unusually interesting program has been prepared. At this time they will have the Christmas grab-bag and all the ladies are urged not to bring expensive presents for the bag. The presents are not to cost more than 25 cents. The assisting hostesses will be Mrs. Sarah Giffin, Miss Emma Cassady, Mrs. Mae Stiers and Mrs. Mary Jones.

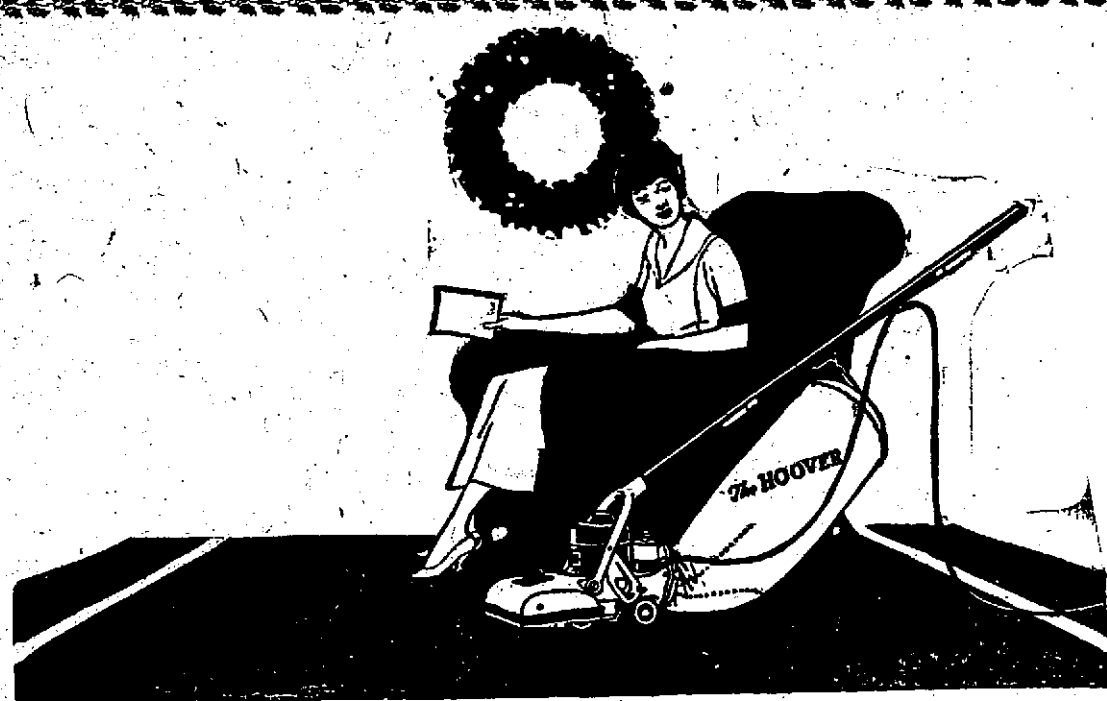

Mrs. Sarah Giffin and Mrs. Will Dill were gracious hostesses this afternoon for a card party when they entertained about sixty ladies at the home of the former in North Morgan street. The guests enjoyed the afternoon playing bridge and five hundred.

The home was beautifully decorated for the occasion with the holiday decorations, and the color scheme of red and green was carried out. Each card table was adorned with an individual candle stick with a red shade. Christmas bells were hung artistically about the home.

At the close of the card games, the hostesses served a delicious one course luncheon. A bountiful six o'clock dinner will be served this evening for the husbands of the assisting ladies.

Mr. and Mrs. Paul L. Daubenspeck delightfully entertained last Saturday night at their home south of the city, games and contests being the feature of the evening. An elegant course luncheon was served to the following guests: Mr. and Mrs. Walter Norris and son William, Mr. and Mrs. Frank George, Mr. and Mrs. Harry Armstrong, Mr. and Mrs. Burl Matney, the Rev. and Mrs. Talmage Defrees, Mont Stewart, Miss Ruby Davis, Homer Roberts, Mr. and Mrs. Lowell Norris, Mr. and Mrs. Paul Morris, Mr. and Mrs. Paul Norris, Mr. and Mrs. Edd F. Moore and son Wallace, Mr. and Mrs. Earl Heeb, Mr. and Mrs. Blaine Reeves and daughters Agnes and Lillian, Mr. and Mrs. Elsa Hilligoss and son Harold and daughter Lavonne.

FRIENDS TELL OTHERS

That's How Fame Spreads.

H. H. Von Schlick of 210 Third avenue, Pittsburgh, Pa., has received thousands of letters telling him how he has done so much good—one letter tells how his Bulgarian Blood Tea broke up a bad cold quickly; another tells how it saved them from the "flu" or pneumonia; another tells how it helped to knock out rheumatism; another tells how it relieved constipation; another tells how it helped their stomach and bowels.

No wonder it is being used by millions of people praising its great worth as a reliable first-aid family medicine. It will pay every reader of this item to apply at once to their druggist or grocer for a box of Bulgarian Blood Tea—then they will be able to tell the good news to others.

Things Look better in PYREX. GUNN HAYDON. 227tf

A quiet home wedding was solemnized this morning at 11 o'clock at the home of Mrs. Amelia Schmalzel in West First street, when her daughter, Miss Myrtle Schmalzel, was united in marriage to Robert Higgins, son of Mr. and Mrs. Dave Higgins, of near Clarksburg. The wedding ceremony was performed by the Rev. W. L. Kunkel of the First Presbyterian church. The bride was charmingly gowned in a blue charmeuse wedding dress. She had no attendants. Only the immediate families were present for the wedding.

Following the ceremony a prettily appointed wedding dinner was served at the bride's home, and immediately after the dinner the bridal couple left for a wedding trip, after which they will be at home to their many friends in this city.

The bride is a popular young lady of this city and has been engaged in the millinery business for the past few years, at present being engaged at the Plough millinery store. She is a graduate of the local high school. Mr. Higgins is engaged in Connorsville as a shipping clerk and is well known in and around Clarksburg.

Light Stuff.

"Did that 'quake' we had this morning do any damage?" asked the movie producer in California.

"Not much," said the property man. "It toppled over a couple of pyramids we are using in that Egyptian film, but I put four carpenters to work, and they'll have 'em up this afternoon."—Birmingham Age-Herald.

Insanity.

Lay Awake Nights From Rheumatism

Ankles and knees sore and swollen, pains in back over kidneys, stomach out of order and last fifty pounds.

Dreco gave complete relief he declares.

"A blacksmith's work is no cinch when a man's well and it's mighty hard on any body with rheumatism. After standing on my feet all day the pain was so great I could barely hobble home," said Mr. John Roberts, who is well known at the Keelley Hame Factory where he has been employed for the past 15 years and lives at 1216 E. Virginia St., Evansville, Ind.

"I've had rheumatism in my ankles and knees for twelve years and they were so swollen and painful they kept me awake many a night. Kidneys didn't act as often as they should and my bowels wouldn't move unless I took a strong cathartic. Even milk and soup would bloat me up with gas.

"I got so bad off I had to give up my work but I'm alright now and the work comes easy. Appetite is good and nothing disagrees with me, bowels are moving good, have no more trouble with kidneys, can stoop and bend with ease and sleep like a tired man should."

Dreco, the great herbal remedy acts on the stomach and aids it in digesting the food; stops the formation of gas; relieves constipation strengthens the kidneys, rouses the liver and relieves biliousness, headache, bitter taste in the mouth, heartburn, coated tongue and purifies the blood, thereby banishing rheumatism.

All druggists now sell Dreco and it is being especially introduced in Rushville by F. B. Johnson & Co.— (Adv.)

ARLINGTON TOSSERS WIN THE FIRST GAME

Take Carthage Into Camp Tuesday Night, 23 to 21. Without any Practice

PLAY FERNDALES SATURDAY

The Arlington Athletic Club's newly organized basketball team won their first game of the season last night by defeating the Carthage Independents on the floor at Carthage, by the score of 23 to 21. The Arlington team had not practiced before the game, which was accountable for the closeness of the score, according to Lowell Beach, manager of the A. A. C.

The Arlington team used their entire squad in the game, and all men showed up very well. Roy Small of Carthage, referee of the game, stated that the Arlington team outplayed the Carthage team 2 to 1. The next game will be with the Ferndale Club at Indianapolis on Saturday night.

The players who started the game for Arlington were C. Northam, C. Metsker, Hester, Wicker and Rohm. Substitutions were made with Clarence Northam, Whitesides and Long. The Arlington team has signed up Gardner of the fast Moscow team, and the line-up will be strengthened. The Arlington team is anxious to book games with any fast team in this part of the state, and managers are requested to call or write Lowell Beach, manager of the team, at Arlington.

Stiff? Sore?

A lame back, a sore muscle or a stiff joint often is considered too lightly by the sufferer. It should be remembered that backache, rheumatic pains, stiffness, soreness, swollen skin and puffiness under the eyes are symptoms of kidney and bladder trouble—and these certainly should not be neglected.

Foley Kidney Pills

help the kidneys eliminate from the system the poisonous waste and acids that cause these aches and pains. They act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to healthy, normal condition.

J. E. Simmons, 400 E. 50th St., Portland, Ore., writes: "I was troubled with backache and urinary trouble. I tried Foley Kidney Pills and will say that I highly recommend them to any one troubled in that way, as they are excellent."

A CLEAR SKIN

Women do not have to patronize the beauty parlor—for if their skin is disfigured with pimples and blotches, and their blood is in disorder they should obtain at the drug store that wonderful blood tonic and alterative of Dr. Pierce's which he placed before the public over 50 years ago. Since that time many thousands of men and women have testified to its wonderful blood cleansing effect. This is what one woman says:

ELKHART, IND.—"When I was a girl I suffered greatly. I became weak and nervous, in fact, all run-down in health. I also had a breaking-out all over my body. I could not get anything to do me any good until mother began giving me Doctor Pierce's Golden Medical Discovery and Favorite Prescription. They proved to be just what I needed as I have never had any more womanly trouble, and was also cured of the breaking-out on my body." Mrs. GEO. FLENNER, 107 Corona St.

What Is It

What crowds our store with customers every day? Why is it that our business has increased almost 20 per cent over last year?

We are going to suggest only one of the many reasons here: We have always been consistent makers of low prices, our customers know that they can depend on us the year round.

We do not go on periodic sprees of price cutting and then forget it for a year.

Among the wholesalers we have the reputation of being prompt pay and we have opportunities for buying that the slow pay fellow never hears about. Our customers reap the benefit of these advantages.

Secretary Daniels Says That U. S.
Should Not Agree With Other
Nations for Fewer Vessels

POINTS OUT THE DANGER

Washington, Dec. 15—For the United States to agree with two or three other nations for a "holiday" in naval construction, would be a blunder worse than a crime, Secretary of the Navy Daniels told the house naval affairs committee.

The United States can agree to such a plan of reconstruction only when other nations agree to do likewise, he said. The secretary recommended a proposal for organization of a three year naval program like that of 1916.

Refusing to believe that the United States could agree with Great Britain and Japan to stop building of the navy, the secretary showed Secretary Koontz, chief of the naval operations, the figures of the relative first strength of the three nations.

"If the three nations could stop building deconstruction the United States would have a first line strength of 468,000 tons; Great Britain, 864,050, Japan 326,020

Daniel refused to believe that fact that an alliance existed between Great Britain and Japan. While Daniels was testifying, Senator Borah, Idaho, introduced in the senate a resolution requesting the president to enter into an agreement with Great Britain and Japan to reduce naval armaments.
